10 August 1960

MEMORANDUM FOR: Chief, TAS/DPD
THROUGH : AC/DPD
SUBJECT : WADD Evaluation of Project
[REDACTED] 25X1A
REFERENCE : Memorandum for the Record,
subject as above, dated 1 Aug 1960.
(DPD-6023-60)

25X1A

1. I judge from the reference that [REDACTED] is not worth considering either as a component to OXCART or as a back-up. I am grateful for the report.

25X1A

2. With reference to your last paragraph, I am still of the view that [REDACTED] might usefully take on some jobs in the field of radar cross section measurement. This would not only be a means of using their advanced skills but also of exercising them, keeping them up-to-date, and keeping themselves informed of developments in this technique. If you agree, I hope you will occasionally give this view a discreet push with Frank and others.
